I just returned from the ACE Legislative Summit in Sedona, where speakers included Secretary of State Ken Bennett and Speaker of the House Andy Tobin. It was great to once again represent the San Tan Valley Chamber of Commerce on not only a local level, but a regional and state level as well.

We are working with CAC and the SBDC as sponsors of the upcoming Northeastern Pinal Business & Technology Expo that will take place on October 6th at Poston Butte High School. There, local suppliers will be able to schedule one-on-one time with large purchasing companies to encourage local business transactions as well as much more.

Our August 11th after-hour mixer was amazing with over 60 in attendance, and featured three ribbon cuttings. Thanks to Encanterra Country Club for being fabulous hosts of the event.

All your life you've had a say over your choice of wardrobe, music, hobbies and friends. So why is it, when it comes to final wishes, there is hardly any choice? That's not the way we see things around here. We think a funeral should be as unique and personal as the individual it honors. Whether that means playing rock instead of liturgical music, or having your ashes sent into space instead of into a vault. That's the kind of freedom of choice Bunker Family Funerals & Cremation believes in. Whatever your choices, whatever your traditions, whatever your budget, we're here to help you express your wishes your way. Now there's a fresh idea. Call 480-964-8686 or visit www.bunkerfuneral.com for more information.
